

## VIP Forum

*Baxter partners with companies with innovative technologies, products and therapies that accelerate growth and advance patient care.*

**Baxter** is looking to meet with companies and researchers working in specific areas of focus to discuss potential collaborations, partnerships, investment, licensing opportunities, and M&A.

### Global Business Units & Areas of Interest:

#### Renal Care

- Pioneering therapy options for people with kidney disease, including peritoneal dialysis and hemodialysis

#### Acute Therapies

- Innovative products and therapies treating life-threatening conditions in the ICU

#### Advanced Surgery

- Enabling surgeons to act with precision and speed to minimize complications and increase efficiency

#### Pharmaceuticals

- Providing generic injectable medicines and inhaled anesthetics that are critical to effective patient care across the globe

#### Medication Delivery

- Advanced infusion systems and solutions to help ensure the right treatment is delivered safely and efficiently

#### Nutrition

- Leading clinical nutrition solutions formulated to help patients maintain or regain their health

#### Pre-Treatment and Post-Treatment

- Monitoring, Diagnostics & Predictive Analytics across all business units

**If you are working in any of the outlined areas of interest, submit your application online:**

<https://www.lswinstitute.org/vip-forum>
