

A monthly report summarizing the Life Science transactions and trends in Washington State.

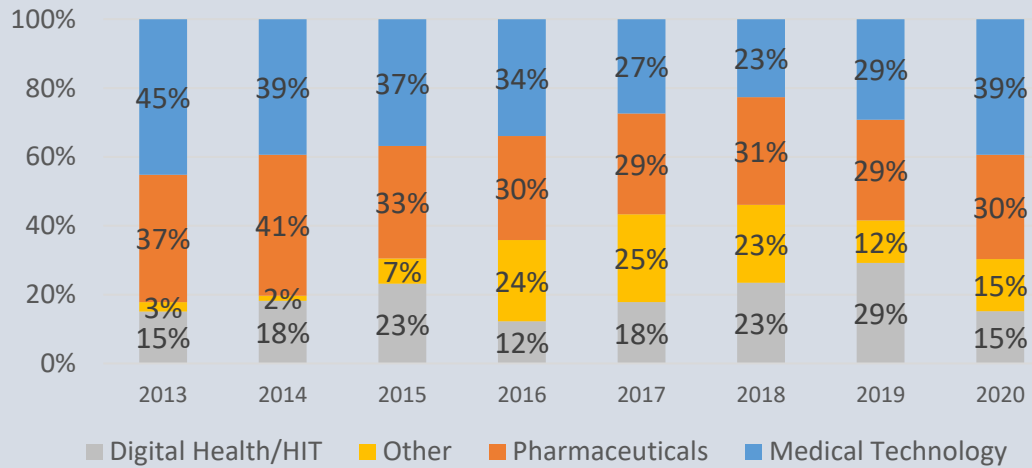

Washington State Transactions by Industry

Transaction Amounts per Year

Deals by Sector

*As of 4/30/20

HIGHLIGHTS

- Seattle-based [Vera Whole Health](#) has raised an additional \$10M from their existing backers to expand their advanced primary care model. The platform works with employers, payers, and health systems to provide resources to supplement traditional primary care. Vera Whole Health has raised \$70M to date since their company was formed in 2008. ([Geekwire](#))
- [NextStep](#), a 2018 spinout from Pioneer Square Labs, has raised an additional \$3.6M to continue developing their technology platform that recruits and trains healthcare workers. The company hopes to train prospective people for in-demand healthcare positions, including certified nursing assistants, home health, and personal care assistants. ([Geekwire](#))
- Myosana Therapeutics have raised \$1M in seed round founding with their partner CureDuchenne Ventures. This investment will be used to continue development of Myosana’s non-viral gene therapy to deliver full length dystrophin for Duchenne muscular dystrophy (DMD). ([BioSpace](#))
- [98point6](#), a Seattle-based startup, has raised \$43M to expand their AI-powered telemedicine platform. The platform’s automated assistant uses natural language processing and machine learning to collect patient information and share results directly to a licensed physician to reach a diagnosis. ([Built in Seattle](#))
