

OREGON HEALTH & SCIENCE UNIVERSITY

Breakthroughs for better health

OHSU INNOVATES

OHSU Innovates is a collaborative network that supports the innovation and entrepreneurial ecosystems at OHSU and beyond. Support includes early technology and startup funding mechanisms, entrepreneurs-in-residence, commercialization readiness programming and startup licensing.

UNIVERSITY PROFILE

- Oregon's only academic health center
- 21,300 employees and 4,130 students
- \$597M in research awards (FY23)
- 80-100 invention disclosures per year
- 4-5 OHSU startups per year
